the spray gets you.

We do apologize for HarborWatch Tower's proximity to Buckingham Fountain, Grant Park, the Loop, and the lakefront.

We are deeply remorseful if you are overwhelmed by HarborWatch's premium finishes, stunning views, and convenient garage parking.

Please forgive us for making you choose between one-, two-, and three-bedroom luxury residences.

We regret that you will not be able to find a better value than HarborWatch Tower in the area, with prices starting from the mid-300s to just over 3 million.

Please allow us to apologize in person. Visit our sales center at 450 South Wabash.
